

**There's No Place Like Home.** Too often senior family members are obligated to move out of their homes because their frailty or other medical condition would make it unsafe for them to live at home alone. Smile Senior Care gives seniors the option to live independently in the comfort of their own home by providing them assistance with activities of daily living.

**Three questions to ask** to ensure the company you choose has a strong set of core values:

**Communication - Will I be able to easily communicate with the personal attendant and have continued access to my case manager?** This is the core of Smile Senior Care's approach. We believe that you should never feel there is a lack of control or communication with your personal attendant. For this reason, you are assigned a case manager who is always available.

**Integrity - Has a sense of trust been established?** At Smile Senior Care, we believe this is the key to a comfortable relationship and the wellbeing of the client. That's why we carefully screen all our personal attendants and provide a written contract.

**Performance - Am I confident I will get the professional care promised and that there will be accountability and follow up?** Homecare is dynamic; a family's needs can change daily. You chose homecare to allow your loved one to remain independent and retain their quality of life, not to endure more paperwork and problem solving. We make a simple promise: we will be there for your family. If you're not satisfied, we will work with you until you are.

Smile Senior Care is dedicated to helping seniors continue to experience the richness of life.
